

Top Five Celebrity Biography In USA

Ranging from tragic and trashy to triumphant, the biographies in this compilation not only tell us the stories of the women who have helped define celebrity in the past years. But they have also provided some pretty entertaining bathroom reads also. So here you will know a lot of information about celebrities.

1# No Lifeguard On Duty (By Janice Dickinson)

- The best part of Janice's memoir – a path of how she survived an abusive home and became a highly paid model and later became a drug addict and slept with lots of famous people.
- She is about everything (her binge and purge episodes), at some point when she tried to trick Sylvester Stallone into thinking that he was the father of her baby when he wasn't sleeping with her best friend (Jerry Hall) and boyfriend (Mick Jagger).
- Getting totally addicted to coke and at Stephanie Seymour's bachelorette Bill Cosby is and describing in detail (Liam Nelson's penis size).
- The third thing regarding her book is that it got attention of Tyra Banks, who later hired Janice as judge on her new reality show called as America's Next Top Model, introducing her in a particular brand to the new generation and helping create the second phase of Janice's career.

2# GetHappy: The Life Of Judy Garland -By Gerald Clarke

- This is probably the most comprehensive biography of Judy Garland.
- It delves into sad - which have since to be clinched – consequences of child stardom followed by stage performances.

3# Call Me Crazy (By Anne Heche)

- Being Ellen DeGeneres first girlfriend over shadowed Anne Heche's acting career.
- Aside from being bisexual, she said that she also fluent in different sorts languages.
- Anne illustrates her days when she was a little girl in such a way that is related to sexual abuse at the hands of her father.

No.4) Bunny Tales: Behind Closed Doors At The Playboy Mansion (By Izabella St. James)

- If you want some trash, this is some trash.
- Isabella was one among the Seven Blondes in that harem that Hugh Hefner put together in the year of 1990.
- She's biased about her experience living at the Playboy Mansion.

No.5)

What Falls Away (By Mia Farrow)

- This book could have been named as "everything you always wanted to know about Woody Allen but were afraid to ask since you might not like his movies anymore".
- She was raised by popular parents as a part of Hollywood royalty, then became a child actor and also hung out with Maharishi and the Beatles. Therefore such people are named under the banner of celebrity biographies lists. For more details visit: <http://celebrities.wiki/category/musicians>
